THE WORLDWIDE ORTHOPAEDIC & SPINE CONTRACT MANUFACTURING MARKET REPORT 2019-2024

& TOP **100** SUPPLIER PROFILES

N · E · W

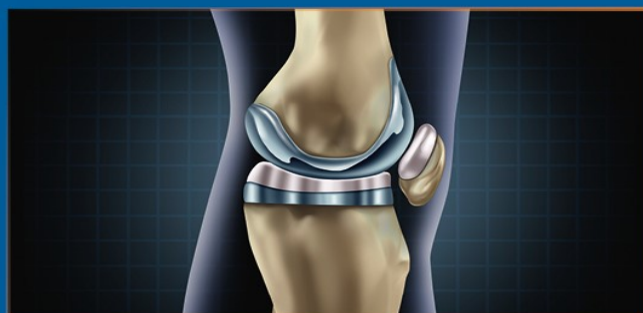

- Covid-19 impact on orthopaedics: End-market & CMO side
- MDR: New European Regulation impact on orthopaedics
- Jabil-Depuy deal analysis & forecasts
- Worldwide sport medicine market
- Robotics for knee and spine
- Additive manufacturing update

WHY BUY THIS REPORT?

- Get accurate data and strategic insights on the worldwide US\$ 6.2 Bn Orthopaedic Contract Manufacturing market & players
- For OEMs: obtain detailed information on the top 100 contract manufacturers in the USA, Europe and rest of the world with their background, owners, strengths and specialties. You will find out how big the latest manufacturing trends are (Additive Manufacturing, coating growth, navigation & robotics etc.)
- For investors & private equity firms: identify the best companies and activities to invest in

OVERVIEW:

- A 350+ page document, with 1,000+ insightful charts
- Detailed informations on each market segment: forging, casting, hip machining, knee machining, spine & trauma machining, coating, instruments, ceramics, cases & trays, marking, packaging, sterilization...
- Includes our latest research on Additive Manufacturing for Orthopaedics with market analysis, main users & suppliers, top selling products and 2024 forecasts
- Detailed profiles of the Top 100 CMOs with their market share in each segment

Download the detailed table of contents

Table of Contents of the worldwide orthopaedic & spine Contract Manufacturing Market 2019-2024

& Top 100 player profiles

350+ pages 1,000+ exhibits

June 2020 – 9th edition

Purpose of the Survey and Methodology

Synopsis & Executive summary.....16

- 📄 Segmentation
- 📄 Worldwide Orthopaedic market in 2019 : by product & by player
- 📄 Worldwide Orthopaedic market in 2019 : Majors Vs challengers
- 📄 Worldwide Orthopaedic market in 2019: life cycle of orthopaedic products and forecasts for 2024
- 📄 Orthopaedic Contract Manufacturing value chain
- 📄 Contract Manufacturing market & trends: Forging
- 📄 Contract Manufacturing market & trends: Casting
- 📄 Contract Manufacturing market & trends: Instrument machining
- 📄 Contract Manufacturing market & trends: Instruments is a highly fragmented market
- 📄 Contract Manufacturing market & trends: Coating
- 📄 Contract Manufacturing market & trends: Cases & trays
- 📄 Contract Manufacturing market & trends: Ranking of top players
- 📄 Orthopaedic Contract Manufacturing market & trends : Top20, Top 21-100 and top 101 -1000 distribution of revenues
- 📄 Orthopaedic Contract Manufacturing market & trends : consolidation by acquisition- Forecasts by service for 2024
- 📄 The Orthopaedics Contract Manufacturing market is growing faster than In-house manufacturing
- 📄 Orthopaedic Contract Manufacturing market & trends: Additive Manufacturing for hip, knee, knee, shoulder& trauma
- 📄 Orthopaedic Contract Manufacturing market & trends: Additive Manufacturing for spine & Additive Manufacturing machines in 2019 and usage forecast for 2024

I- Orthopaedic environment34

- 📄 Orthopaedics Macro environment: Political, Economical, social,/culture, technological, environment, legal & regulatory
- 📄 Market Drivers
- 📄 Global population growth 1950-2050 and people over 65
- 📄 The market drivers: Demographic & Economic
- 📄 Orthopaedics is generally risk-averse with few disruptive innovations, many small incremental innovations
- 📄 Innovation and new products pull the market
- 📄 Innovative surgeons are looking for new products, % of the surgeons by category in each type of country
- 📄 Product Mix pulls the market up
- 📄 The revision driver: more and more people have more than one implant in their lifetime
- 📄 Bearing trends in Total hip market, Europe example
- 📄 Mini hip implants; Europe 2019 - From a promising innovation to a mass market
- 📄 Dual mobility cups; Europe 2019
- 📄 Total knee market in 2019: For fixed to mobile bearing and back to fixed, the pathways of innovation
- 📄 Knee implant market; Europe 2019 - Total Vs. Partial Vs. Revision
- 📄 Shoulder implant market in 2019 Standard Vs. Reversed
- 📄 The market limiters
- 📄 Reimbursement and pricing regulation
- 📄 Market limiter: Hip Price trends in Europe
- 📄 Market limiter: Knee Price trends in Europe
- 📄 MDR (Medical Device Regulation): Impact in Europe
- 📄 A product's CE marked under MDD will remain valid for about 5 years, which will necessitate a mandatory request for validation under MDR, backed up by clinical studies, before the MDD expiry date: details
- 📄 Reimbursement price decreases over the last 18 years
- 📄 Hip ASP erosion in developed countries
- 📄 Knee ASP erosion in developed countries
- 📄 Hip average price trend in Europe 2003-2019: France, Germany, UK, Italy, Average Europe
- 📄 Price erosion forecast 2019-2024 USA, Australia, Japan, France
- 📄 Regulatory, Certification
- 📄 Group purchasing in Germany, France and Italy
- 📄 The orthopaedic sales channels

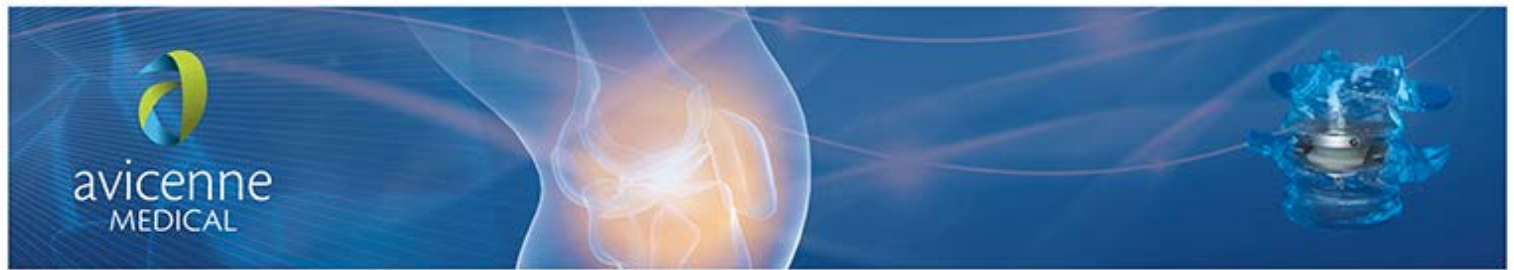

II- Worldwide orthopaedic & spine market; players, drivers & limiters and forecasts 2019 - 2024.....54

- Orthopaedics Ecosystem
- Worldwide orthopaedic markets in 2019 by product
- The Worldwide orthopaedics market: Growth 2000 - 2010 CAGR, 2010 - 2012 CAGR, 2012 - 2019 CAGR
- Worldwide implants market in 2019 by value (B\$): Knee, hip, spine and by area, USA, Europe, Row
- Worldwide Sport Medicine markets in 2019
- Worldwide implants & Orthobiologics market in 2019 by value (BUS\$)
- Worldwide orthopaedic market in 2019: competition
- Worldwide competition by product in 2019: Market share
- Three types of Challengers competing with the Majors
- The challengers gained market share continuously: 2013-2014-2015-2016-2017-2018 -2019 and hip, knee, spine, trauma & CMF
- Hip Europe market share 2012-2019: Depuy Synthes, Zimmer Biomet, Stryker, Smith & Nephew & other
- Knee Europe market share 2012-2019: Depuy Synthes, Zimmer Biomet, Stryker, Smith & Nephew & other
- Majors Vs Challengers : Revenues CAGR, market share
- Majors Vs Challengers: 2019 picture
- Challengers growing Vs majors
- Hip Europe forecast market share 2014-2024
- Knee Europe forecast market share 2014-2024
- The life cycle of orthopaedic products: Growth forecasts by 2024 for hip, knee, spine, extremities
- Worldwide orthopaedic market forecasts 2000-2024 for hip, knee, extremities, trauma, spine, orthobiologics

III- Worldwide orthopaedic & spine Contract Manufacturing market, OEM strategies, Contract Manufacturers position, market share and forecasts to 2024.....98

- OEM contract manufacturing strategy: Stryker
- OEM contract manufacturing strategy: Depuy Synthes
- OEM contract manufacturing strategy: Zimmer Biomet
- OEM contract manufacturing strategy: Smith & Nephew
- OEM contract manufacturing needs: Medtronic
- OEM contract manufacturing needs: Challengers
- Contract Manufacturing process segmentation & raw materials: 14 segments & 62 sub-segments
- Forging Contract Manufacturing market 2019-2024 by product
- Forging Contract Manufacturing market share in 2019: Tecomet, Marle, Lisi, Orchid, etc.
- Forging Contract Manufacturing market: OEMs relationships with their suppliers
- Casting Contract Manufacturing market 2019-2024 by product
- Casting Contract Manufacturing market share in 2019: Orchid, Tecomet, Marle, etc.
- Casting Contract Manufacturing market: OEMs relationships with their suppliers
- Hip machining & finishing Contract Manufacturing market 2019-2024 by product
- Knee machining & finishing Contract Manufacturing market 2019-2024 by product
- Spine and Trauma implants machining & finishing market 2019-2024 by product
- Instruments Contract Manufacturing market 2019-2024 by product
- Instruments Contract Manufacturing top 20 market share in 2019: Tecomet, Orchid, Viant, etc.
- Orthopaedic robotic market in 2019: MAKO from Stryker, ROSA from Zimmer Biomet,
- Orthopedic robotics surgeries: Stryker open the mass market, Smith & Nephew, Zimmer Biomet, Depuy and many others have followed
- Robotic assisted surgeries: USA is by far the leading country for Robotics usage. 2014-2024 procedures by robotic systems
- What are orthopaedic cases & trays?
- Cases & trays Contract Manufacturing market 2019-2024 by product
- Cases & trays Contract Manufacturing top 15 market share in 2019: Tecomet, VIANT, Orchid, etc.
- Ceramics Contract Manufacturing market 2019-2024 by product
- Coating Contract Manufacturing market 2019-2024 by product
- Coating Contract Manufacturing market share in 2019: DOT, APS Materials, Linkotec (Eurocoating), etc.
- Marking Packaging & Sterilization –MPS- Contract Manufacturing market 2019-2024 by product
- Contract Manufacturing market value chain
- Contract Manufacturers worldwide orthopaedics revenues in 2019 (in MUS\$)
- Contract Manufacturing competitor ranking & dispersion
- Orthopaedic Contract Manufacturing concentration by acquisition
- Contract Manufacturing industry needs more concentration
- More outsourcing is a heavy trend for all the orthopaedic companies: Outsourcing rate
- Continuous trend: OEM facility disinvestments occur when there are opportunities to sell to a large and reliable player, who can guarantee supply security

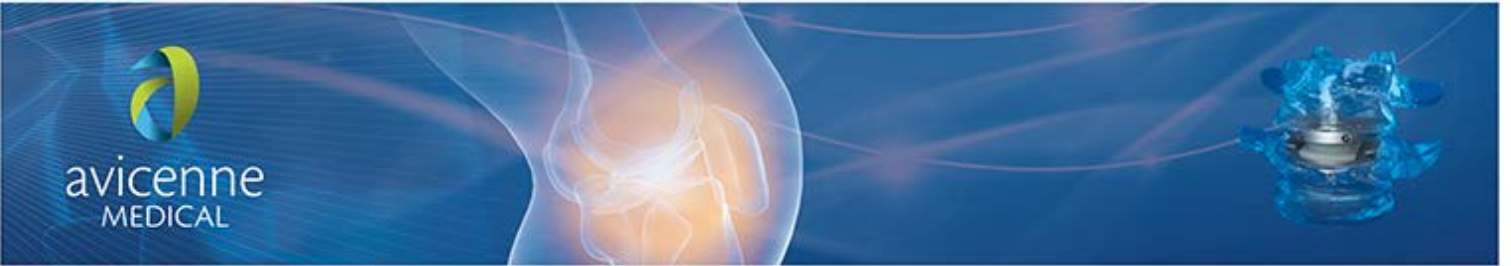

- More outsourcing is a heavy trend for all the orthopaedic companies
- Orthopaedic Contract Manufacturing concentration by acquisition
- The risk of moving to LLC by 2024
- Contract Manufacturing LLC impact: OEM points of view, CM points of view
- Johnson & Johnson – Jabil: strategic deal to disinvest facilities: 2019-2021 road map
- OEM facility disinvestments: Huge impact of Depuy Synthes – Jabil deal for 2019
- Contract Manufacturing price range dashboard
- Orthopaedics Contract Manufacturing market is growing faster than In-house manufacturing
- Contract Manufacturing market is growing
- Contract Manufacturing market historical revenues & forecasts (MUS\$): 2012-2024

IV- Additive Manufacturing.....178

- Additive Manufacturing & Trabecular in Orthopaedics
- Additive Manufacturing history in Orthopaedics
- Story of Zimmer and Trabecular Tantalum
- Zimmer, Trabecular Metal related implants
- Metal Additive Manufacturing: Technologies and major competitors, EOS, SLM Solutions, Concept Laser, Arcam, Others
- Arcam EBM installed base for orthopaedic industry: Lima
- Beijing AK MEDICAL EBM Installed base
- Illustrative build-up speed and resolution of selected Metal Additive Manufacturing systems: EBM Vs Selective Laser Melting
- Smith & Nephew usage of Additive Manufacturing for customized cutting blocks
- Stryker's History of 3D Printing: STRYKER, to build a 3-D printing manufacturing facility for more than \$400 million
- Stryker's current products made by 3D printing: Knee, cages, other
- Depuy Spine usage of Additive Manufacturing for prototyping of complex surgical tools
- DePuy Synthes has acquired 3D printing technology from Tissue Regeneration Systems Inc.
- XILLOC invested usage for Cranio Maxillofacial applications
- Equipment suppliers for Orthopaedics, Installed base per customer and per supplier: EOS, ARCAM, CONCEPTLASER, SLM Solutions and their customers
- Addressable market should increase with lower Additive Manufacturing cost: cost and complexity curve linked with addressable market
- Additive Manufacturing is attractive for reconstructive implants
- Number of implants produced using Additive Manufacturing
- FDA clearance for medical devices using Additive Manufacturing in USA
- Additive Manufacturing in 2019
- Additive Manufacturing impact on forging, casting & machining of implants
- Cages Raw Materials in the five main European countries: Peek, Titanium Vs Additive Manufacturing
- Is Additive Manufacturing the right option for the implant Contract Manufacturing business? Analysis for implants, standard cages, special cages and customized implants
- Is Additive Manufacturing the right option for the instruments Contract Manufacturing business? Analysis of customized cutting guides and complex instruments
- Analysis of one of the most advanced Contract Manufacturers in Additive Manufacturing
- Major Contract Manufacturers: Additive Manufacturing investments and strategies; Tecomet, Orchid, Eurocoating, Marle, C&A Tool, DRT Medical and many others
- Additive Manufacturing for orthopaedics: Executive summary

V- Impact of Covid-19.....208

- COVID-19: timeline of a Pandemic
- The impact of Covid-19 on the Orthopaedics Market
- During the 2008 financial crisis, growth in orthopaedics was merely slowed down implants and contract manufacturers largely held their ground
- What is the forecast for 2020 for the world economy and the orthopaedic industry? Even the International Monetary Fund has said that forecasts have become very dicey and a grey area
- The world economy will experience the worst recession since the Great Depression (1930s)
- Growth projections: the COVID-19 health crisis will have a severe impact on economic activity in 2020
- Latest World Economic Outlook: the COVID-19 pandemic will severely impact growth across all regions
- The "Covid-19 effect": orthopaedic sales decline, Zimmer Biomet: Q1net sales decreased in %
- The "Covid-19 effect": orthopaedic sales decline, DEPUY Q1 2020 sales decrease: trauma is less impacted
- The "Covid-19 effect": orthopaedic sales decline, Medtronic Q4 (January-March) sales decrease mainly in USA
- The "Covid-19 effect": orthopaedic sales decline, STRYKER 2020 April sales decreased in %
- Forecasts of the main players, % of loss of their 2020 revenues from orthopaedics due to the impact of Covid-19
- Orthopaedic activity in China recovered in April, while European and US activity collapsed.
- According to the forecasts of the main players, they will lose a small part of their 2020 revenues from orthopaedics due to the impact of Covid-19: details
- Covid-19 impact on US Orthopaedic players

VI- Contract manufacturing competitor ranking, Top 100 profiles and SWOT analysis of the leaders.....24
