# A diversified range of services

## Based on over 30 years of medical device experience

### Our services

#### Transaction Services

#### Strategic Market Research

Key Issues Review	Strategic & Commercial Due Diligence	Management team assessment	Target research & Build up	Customized Strategic research	Key Opinion Leaders surveys
Sizing and market dynamics	In-depth due diligence based on: Interviews with industry experts	Strengths & weaknesses of the management team	Screening & identification of potential targets	identifying diversification routes	Key Opinion Leader interviews for products and unmet needs
Detailed market analysis and company positioning	Product portfolio assessment	Identification of suitable candidates to strengthen management capabilities	Target evaluation	Distributor search	Survey on opportunities & risks of new product launches
Company's R&D capabilities	Manufacturing organization assessment		Analysis of the risks, complications and barriers	Geographical expansion	
Company differentiation & keys to market share growth	Routes to create value		Final selection of the appropriate targets	New Product evaluation & launch	Company reputation among surgeons and satisfaction survey
Review of the Business Plan	Opportunities & risks		Introduction & initial discussions	Global market share tracking for new products

<b>TECOMET</b>  Creation of the worldwide leader in Orthopedic Contract Manufacturing	  2013	USA  	<b>Advised the owner</b>  <b>Charles Bank Capital</b>	<ul style="list-style-type: none"> <li>🔗 Size and Forecast of the global orthopedic markets by country and by product - with competitors' market shares</li> <li>🔗 Reimbursement procedures, trends and impact on the target business</li> <li>🔗 Outsourcing strategies and trends of orthopedic companies</li> <li>🔗 Segmentation, sizing and dynamics of contract manufacturing by capabilities + the market share details of the top 20 contract manufacturers</li> <li>🔗 Risks and opportunities of relocating implant manufacturing to BRIC countries</li> <li>🔗 Rating OEMs' criteria in choosing their Contract Manufacturers</li> <li>🔗 Understanding company differentiation &amp; keys to growing market share</li> <li>🔗 Strategic &amp; operational recommendations: ways to maximize value</li> </ul>

# Examples of Strategic market research, diversification, market share tracking and acquisition target assessment

Deal	Date	Area	Mission	Details
<b>LISI Group</b>				
Strategic advice for entering orthopedics	2011	  	Strategic advice for diversifying in orthopedics. Goal: reach US\$100 M in revenues in 5 years	<ul style="list-style-type: none"> <li>Analysis of Orthopedics contract manufacturing by segment: forging, casting, machining, coating, etc..</li> <li>Drivers and limiters for each segment and focus on several opportunities</li> <li>Analysis of the dental implants market worldwide</li> <li>Acquisition opportunities analysis in Europe and the USA</li> <li>Business Plan scenarios: analysis &amp; restatements</li> <li>Road map for the next 5 years</li> </ul>
<b>Several projects (Confidential)</b>	2014		Find & assess appropriate targets for acquisition,	<ul style="list-style-type: none"> <li>Selection of 10 to 20 acquisition targets with defined criteria:               <ul style="list-style-type: none"> <li>Serving the Orthopedics OEMs &amp; CMOs in various areas</li> <li>Capabilities in innovation with strong R&amp;D and quality departments</li> <li>Prototype, metrology, testing, machining, cleanroom class III, packaging, competencies</li> </ul> </li> <li>Financial perimeter: US\$10 M – US\$150 M revenues, level of profitability, etc.</li> </ul>
Identification acquisition targets	- 2024	 	strategic analysis of risks and opportunities	<ul style="list-style-type: none"> <li>Analysis of the risks, complications and obstacles</li> <li>Final selection of the appropriate targets</li> <li>Opening channels of communication with the targets</li> </ul>
<b>Medtronic</b>				
Market shares tracking for 50 spine products	Over a 4 years period	 	Market share tracking for 50 emerging products launched by competitors	<ul style="list-style-type: none"> <li>Quarterly market shares tracking in 14 European countries for different spine products</li> <li>Perimeter: Stabilization, Dynamics, Orthobiologics &amp; Vertebroplasty with 13 sub-segments in detail</li> <li>Tracking of devices sold, by unit &amp; value</li> <li>Assessment of players' product portfolio</li> <li>Forecasts and trends to identify the future high growth products</li> </ul>

# Examples of customized client projects

## Strategic market research & build-up

- 🕒 Building a **diversification strategy** for an aerospace group entering the orthopedics contract manufacturing market: target US\$100 M in 5 years
- 🕒 **Search for distributors** for a variety of orthopaedic products: Europe, USA, China, Japan, Australia
- 🕒 Several **build-up & acquisition target researches** for orthopedic challengers and contract manufacturers
- 🕒 Strategy for **market share growth and build-up** for the leading European Orthopedics contract manufacturers
- 🕒 **Market shares tracking** for the sub-segments of the Spine market (tracking > 50 products) for a major orthopedic leader
- 🕒 Routes to growth for a European **coating supplier**
- 🕒 Identifying growth opportunities for a **bone graft** market leader
- 🕒 Research on **Navigation, Robotics & Devices**, worldwide market for knee, hip and spine
- 🕒 Study of the **raw material** needs of OEMs and CMOs in Orthopedics for a leading raw material distributor
- 🕒 **Dual mobility hip cups** growth and penetration in Europe, USA, and Japan for a Major orthopedic company
- 🕒 Advice on partner identification and **technology transfer** to a Middle East orthopedic OEM
- 🕒 Geographic expansion opportunities on the **cases & trays** segment for a leading European company

## Key Opinion Leader surveys

- 🕒 **Key Opinion Leaders'** usage and preferences for certain orthopedic product designs in Germany, Spain, France and UK
- 🕒 **Surgeon survey** in USA & Europe concerning the hip dual mobility cups usage and trends
- 🕒 Opportunities & risks of **launching a new knee system** for a European challenger
- 🕒 **Cutting tool** market analysis for a leading worldwide supplier of cutting tools

## Competitive & Technology monitoring

- 🕒 Value of **patient specific cutting guides** for knee joint replacements
- 🕒 **Additive Manufacturing**: the new challenge to manufacture orthopedics implants and instruments
- 🕒 Is **Robotics a game changer** for orthopedics?
- 🕒 Worldwide Orthopedic **patents watch** focused on hip, knee, trauma & orthobiologics for several companies

# Leverage high-level contacts and market tracking and modeling from 30 years of experience

## Full value chain coverage

- Entire supply chain : OEMs, Contract Manufacturers, etc.
- All product types: implants, instruments, cases & trays, biologics, cements, ceramics,...
- All manufacturing services: forging, casting, machining, 3D printing, coating, packaging, etc.
- All players: Top 200 orthopedic companies and Top 300 contract manufacturers, etc.

## Primary research

- OEM & Contract Manufacturer direct interviews with decision makers thanks to strong links with CEOs, R&D, Marketing, Sales, etc.
- Cross-checking of information thanks to our tried & tested operating models

## Operating Models & Cross-checking of information

## Secondary research

- 30+ years of historical data on the Orthopedics & Contract Manufacturing markets
- Companies & markets; continuous tracking + detailed market and financial modelling
- Highly detailed segmentation

# A 360° view of Orthopedics

## Worldwide coverage

**Developed countries**  Western Europe

**BRICS countries** 

**Other countries** Latin America, Middle East, Asia,...
